

Public Hearing
National Grid Petition #31219956 – Chestnut Street
Town Manager’s Conference Room,
January 28, 2026

Town Manager Thomas Christensen opened the public hearing at 2:00 p.m.

The agenda was posted according to Open Meeting Law requirements. Public hearing notices were mailed to abutters on January 16, 2026. Abutters’ addresses were supplied by National Grid.

Attendance: Town Manager Thomas Christensen, National Grid’s Representative Jill Wilson and Administrative Assistant Debbie House. No abutters were in attendance.

The Town Manager read the petition into the record.

The Public Hearing was held to hear National Grid’s petition #31219956 to install one solely owned pole #101-75 approximately 227’ west of the centerline of the intersection of Shaker Road. This new pole will be placed across the road from the substation (280 Chestnut Street) and is needed to supply the Town’s updated transformer. Another pole will eventually be placed on the substation property (easement granted) and connect overhead wires to new pole #101-75.

DPW Deputy Superintendent Mark Berman reviewed the petition and had no comments on this.

There were no further questions or opposition to the petition. The Town Manager granted the petition and closed the public hearing at 2:05 p.m.

Debbie House
