ELPS Family School Reopening Survey

The District is working on developing the required instructional models for the Department of Elementary and Secondary of Education for the 2020 - 2021 school year: 1) In-person instruction 2) a hybrid model and 3) Entirely remote learning. The goal for this fall is for the majority of our students to return to in-person instruction at school. We understand that to achieve this goal, we all need to work together in order to put the health and safety protocols needed in place. We have provided you with East Longmeadow Public Schools Health and Safety Protocols for 2020-2021 School Year here: <https://rb.gy/wm3wxw>

The ELPS Health and Safety Protocols may be revised throughout the summer as ELPS receives more information from the Department of Elementary and Secondary Education as well as the medical community.

To plan accordingly, your feedback is critical. Please provide your honest thoughts to help us better understand your family's needs as we approach the upcoming school year. We strive to support you and your children as we develop the required models.

As we know your answers could be different depending on each child, THIS FORM ASKS YOU TO ENTER INFORMATION FOR EACH CHILD IN ELPS.

Please complete this survey by **this Friday, July 17th**. Thank you for taking the time to complete this survey.
