

Household Hazardous Waste disposal for East Longmeadow residents now year round!

East Longmeadow, MA-

Beginning April 15th, East Longmeadow Health Department is providing a new way for residents to dispose of household hazardous waste in a safe and environmentally conscious way with our new partnership at NEDT, a household hazardous waste collection center in Westfield . East Longmeadow households now have a way to dispose of Household Hazardous Products that have been accumulating in cupboards, closets, and garages year round instead of one day a year. The disposal is free to residents (up to \$100 worth of disposal annually). If residents go over that amount, they can still bring their waste and pay out of pocket. Waste from businesses or nonprofits will not be accepted.

Please visit www.eastlongmeadowma.gov/751/Hazardous-waste or call the Health Department for more information details.
